HOBBIES AND INTERESTS

Game development

I have 3 years of experience in Unity, focusing on low-poly first-person survival and shooter games. My expertise includes designing, programming, and optimizing gameplay mechanics. Additionally, I have experience developing Android applications, further broadening my skill set within game development.

3D Modeling Blender

I create my own 3D models using Blender, with a focus on low-poly style. My modeling skills allow me to craft unique assets, environments, and characters, bringing originality and creativity to my game development projects.

DRIVING LICENCE

Driving Licence: B 21/08/2023 – 21/08/2033
